

BIGBY NEWS

Over the winter months Bigby Place was busy with many activities. Weaving, hiking, laughter yoga, swimming, bowling, theater sports, music, ping pong, foosball, cooking lots of yummy food and creating an abundance of beautiful art work are just some of the activities that kept us busy over the cold winter months.

For Rec. Fridays we ventured out to Ainsworth Hot Springs for a soak, we went to the WIN store to create wonderful crafts out of recycled clothing, hiked the beautiful trails around Nelson, and partied at Bigby place to celebrate many winter Birthdays as well as Valentines Day with games and home made lunches.

Our kids program had a fantastic winter with a flurry of activities. The kids went to a play at the Capital theater, swimming at the pool, cheered on the Nelson Leafs at a hockey game, went to the local theater to see a movie, as well as created many delicious meals.

In the upcoming months we are going to keep busy with a number of activities. We will keep weaving so we can create a number of colourful rag rugs made out of recycled T-shirts. Our rugs will be sold at the local Wednesday market in the summer time through the new Eco store run through Nelson Cares. We are now planning our up coming adventure to Victoria for Operation Trackshoes in June. This year 7 Bigby folks will be traveling to the grand event. We are also once again starting to think of the warmer weather and our garden so soon we will start planting some seeds and watching them grow in our front window.

From everyone at Bigby have a great Spring and enjoy the warmer weather when it comes!
